

Title of Plenary Speakers

1. Dr. P. Natarajan, Professor, INSA Senior Scientist, National Centre for Ultrafast Processes, University of Madras, Chennai, Tamilnadu, India.

2. Dr. Prof. Irena Kostova, Department of Chemistry, Faculty of Pharmacy, Medical University, 2 Dunav St., Sofia 1000, Bulgaria.

Title: Synthesis, spectral investigations, quantum chemical calculations and biological activity of novel Ln(III) complexes.

3. Dr. Rui Fausto, Professor, Department of Chemistry, Faculty of Sciences and Technology, University of Coimbra, Portuguese.

Title: Photoinduced reactions of biologically relevant molecules in solid rare gases

4. Dr. M. Palaniandavar, Professor, Department of Chemistry, Central University of Tamil Nadu, India.

Title: Biomolecular Devices for Activation of Molecular Oxygen: Small Molecule Analogues for Non-heme Iron Oxygenases

5. Dr. Prof. R. C. Sharma, Ex-Director and Head, Institute of Basic Science and Department of Chemistry, Dr. B. R. A. University, Agra, New Delhi, India.

Title: Studies on Synthetic Models of Molybdenum containing Enzymes

6. Dr. Giovanni Neri, Department of Industrial Chemistry and Materials Engineering, University of Messina, Messina, Italy.

Title: Hybrid Inorganic/ Carbon Nanostructure Composites For Enhanced Sensing Performances

7. Dr. KishorBhai R. Desai, Professor and Head, Department of Chemistry,
Veer Narmad South Gujarat University, Surat, Gujarat, India.

Title: Recent Advances in Pharmaceutical Sciences-Green Chemistry
